Boris —

Congrats on all your success!

I saw your article in TC Business mag  
and remembered you from way back.

We both parked in the same parking

ramp. <sup>in St Paul</sup> I admired your 7 series

Alpina edition BMW. I am still

in commercial real estate. Send

me your email address sometime if

you get a chance. You were always

very friendly to me. I still travel.

I just got back from China. I loved  
Shanghai. My brother's law firm has an office  
there.
