Dear Boris,

One of the pleasures in being President of NACE International is to congratulate members who have supported the association over many years. On behalf of NACE International, I want to thank you for your thirty-five years of membership. In recognition of this accomplishment, we are pleased to enclose your 35 year lapel pin. I know that you will display this item with pride.

It is due to the continued support of members such as yourself that NACE International has become the leading corrosion mitigation organization in the world. I write not just for the association but also for myself, and for your many friends and colleagues in the association, in stating that your dedication and commitment of long service are sincerely appreciated.

Again, let me thank you for your many years of membership, which I hope will continue for many more years.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Mark J. Byerley, Sr.", written in a cursive style.
